# THE ATTRIBUTES OF CHILEAN FOOD

---

Chile is a country with great natural and human potential located in a place of amazing geographical and climatic contrasts. Chile's unique characteristics lend it unrivalled conditions for producing fresh, pure, healthy, good quality food which is appreciated around the world.

## **Innocuity**

Natural phytosanitary barriers, which isolate Chilean foods, keeping them free from pests and diseases. In Chile, we do not have foot and mouth disease, fruit flies, phylloxera or other diseases.

## **Quality**

The result of our combination of geography, climate, experience and professionalism. Taken together, these characteristics enable Chile to produce food which is world-renowned for its quality.

## **International Guarantee**

Valuation and recognition in global markets. Our attributes and long track record in international trade enable us to provide guarantees for our products, which are valued by consumers on every continent.

## **Traceability**

Complete monitoring of the productive process in accordance with strict quality control standards means we can offer certified products.

## **Natural Flavour**

Purity and freshness from the place of origin. Thanks to our climate - very warm summers and cold winters - and geography - our mineral - rich soils, amongst other factors - our products are a source of life.

**Sector** Olive Oil

**Products** Extra Virgin Olive Oil

**Company Type** Producer and exporter

**Description** Iزار olive oil is the result of the first and only olive orchard established in Casablanca Valley, in Chile. Positioned among the highest quality olive oils produced in Chile, Iزار has an elegant and attractive packaging with an eye catching effect in shelves. The cool climate conditions in Casablanca, allow a slower ripening process which is key to obtain better development of flavors and aromas. The result is an olive oil with green aromas, a distinctive character highly valued by consumers. Olives are handpicked and cold pressed, prioritizing quality, flavor and aroma over yields.
